DEPED-CAR Time:

Validation of the Standard Forms for Progress Reporting of Learners with Disabilities

To: Schools Division Superintendents

Schools Division Offices: Abra, Baguio City, Benguet, Tabuk City

- As per requirement by DepEd Central Office through the Bureau of Learning Delivery Student Inclusion Division, during the Workshop on the Development of Standard Forms for Progress Reporting of Learners with Disabilities, this Office requests the Divisions of Abra, Baguio City, Benguet, and Tabuk City to comply with this Validation activity.
- 2. It is the main purpose of this significant endeavor to validate the draft Standard Forms as well as to gather information and feedback on how to best improve these forms.
- 3. Division Focals in SPED for the specified Divisions are required to identify the schools that offer SPED programs, where the teacher-respondents will come from. They are likewise expected to monitor and guide the validators and respondents. Teacher-respondents will try out the forms to all their Learners with Special Educational Needs (LSENs).

### REPORT CARD (SF9-NON-GRADED)

### How to Use the SF 9 - Non-Graded Form

### **Brief Description:**

School Form (SF) 9 Non-Graded is a form that shows a snapshot of the progress of Learners with Severe Difficulties in a self-contained class in the different domains of development and character formation namely: Daily Living Skills, Socio-Emotional skills, Language Development, Psychomotor, Cognitive, Aesthetic and Creative, Behavioral and Orientation and Mobility. SF-9 for non-graded uses a descriptive rating in assessing the LSEN's development.

### Purpose:

SF 9 Non-Graded is purposely designed to report the progress of learners with severe difficulties in a self-contained class in the different domains of development and character formation. It helps teachers, administrators and parents/guardians see the learner's strengths and weaknesses, progress on a quarterly basis. It aides also the teachers and parents/guardians for possible assistance/interventions needed in terms of instruction, follow up to further enhance the performance of the LSEN.

### Who is it for:

SF 9 Non-Graded Progress report is to be used by SPED teachers to record the progress of LSENs in the different domains of development and for parents/guardians to monitor the progress of their child/children in a self-contained class.

### When to use:

The form is to be accomplished every end of the quarter by the teacher, putting in the descriptive rating performance of the LSEN based on supporting documents, like the anecdotal records, observations, checklists, and other assessment records used as evidences in giving the desired descriptive rating of the learner.

### How to use:

At the end of each quarter, the teacher summarizes all the achievements of the learner reflected in his/her portfolio.

- 1. The teacher will fill in the necessary data indicated in the SF9.
- 2. The teacher will transfer the summarized achievement attained by the learner in each domain to the progress report (SF9)
- 3. The most number of descriptive rating reflected in each domain will serve as the average final rating to be written in the summary table per quarter.
- 4. Written remarks are to be accomplished also by the teacher in every quarter.
- 5. The accomplished SF9 will then be shown to parents/guardians during Parent-Teachers Conference every quarter.

### BEHAVIOR INTERVENTION REPORT

### How To Use The Behavior Intervention Report

### **Brief Description:**

The Behavior Intervention Report (BIR) is a narrative report for those learners with disability. Learners with disability who are already enrolled in an inclusive classroom shall use the K to 12 School Form 9 (SF 9). The general education teacher shall use the Behavior Intervention Report as an attachment. Likewise, this can be also used for learners in the self-contained class.

### Purpose:

The unique behavior manifested by the learners with disability will be written down in the BIR. It will help the general education teacher to collaborate with SPED teachers to address the behavior and make intervention program for said learners.

### Who is it for:

The BIR is intended for the Learners with Special Educational Needs (LSENs) specifically for those with disabilities/difficulties in the self-contained class and in the general education that will address the target behavior.

When to Use: The form is used as an attachment to the SF-9 of the K to 12 forms

### How to Use:

- 1. Describe exactly what occurred in the environment just before targeted behavior was exhibited. Identify prior behavior of the learners with special educational needs at home, school, and in the community.
- 2. List types of behaviors displayed during incident and identify behavior manifested by the

LSENs.

- 3. Prepare measurable goal that will address and improve the behavior of the LSENs.
- 4. Prepare behavioral intervention plan.
- 5. Enhance and master target behavior goal.

### INDIVIDUAL TRANSITION PLAN

### HOW TO USE THE INDIVIDUAL TRANSITION PLAN FORM

### **Description:**

Transition Program is helping students with disabilities and their families think about their life after school and identify long-range goals designing the school experience to ensure that students gain the skills and connections they need to achieve these goals the provision of funds and services to local school districts to assist in the transition process. This transitional process will include many facets of planning for the future and should be fully understood by everyone concerned each step of the way. Planning for the future is an investment in a learner with special educational needs.

### Purpose:

The primary purpose is to prepare the LSENs for work opportunities through identification of their strengths and weaknesses which will serve as basis for the preparation of the LSENs Individual Transition Plan (ITP).

In addition, this will be an avenue for the school to collaborate with possible service providers/partners for work immersion of LSENs in the community.

### Who is it for?

This form is for LSENs who belong to the self-contained class and Out of School Youth.

### When to use?

This form will be accomplished annually for LSENs who are ready for any work opportunities except for those who maybe mainstreamed in the general education. This will be reviewed or revisited quarterly to track progress.

### How to use?

The SPED teacher shall fill-out the required data in the form and work with the Transition Team in formulating the transition goal and plan.
