ESTELA L. CARIÑO, EdD, CESO III

Regional Director
 Department of Education
 Cordillera Administrative region

Dear Director Cariño:

Greetings!

With the aim of providing access to both health and non-health services to the people of Cordillera, DOH-CHD-CAR has decided to conduct convergence activities on May 23-28, 2022 in the priority provinces of the region, namely the Provinces of Ifugao and Benguet. However, as with all endeavors in the past, a well-coordinated activity between us and our partner agencies and societies always yielded the most favorable outcomes.

With that being said, our office is humbly requesting for your assistance in these efforts as we hope to employ a whole-of-government and whole-of-society approach in implementing these activities. Specifically, assistance in coordinating with your focals in the provincial and municipal level would be of great help and will be much appreciated. Further details were previously discussed during the collaboration and consultative meeting held in DOH-CHD-CAR last May 16, 2022, which was attended by representatives from the different regional line agencies and societies including yours.

Thank you for your utmost consideration.

Truly yours,

RIO L. MAGPANTAY, MD, PHSAE, CESO III
 Director IV

The round metal gong of the Cordillera known locally as "gong" is a symbol of the upland people's culture that has been passed on from generation to another.
 The profile of a person blowing a "tangayub" represents a community being called for an important matter or action.
 The lines that shape the mountains, the rice terraces, clouds and rivers symbolize the connectivity and flow of human interaction in a geographic area such as the Cordillera.
